III. THE CHURCH (I Cor 6:19-20; Col 1:18)

Application Questions - *These questions are provided for your further study and application of the subject of today's message. Thoughtfully writing out answers to these questions will help drive home the point. They are designed to be discussed in your home, with other believers, and in a Life Group, for even more benefit.*

1. How does creation express worship? What are we learning about God through creation?
2. Discuss or share with each other the things you see in creation that help you in your personal worship of the Lord?
3. How do you or what helps you stay in an attitude of worship? Discuss among yourselves the things that hinder, interfere or cause a breakdown in your personal worship.
4. What are the different ways we as individual believers express our worship? Share with each other how you incorporate daily worship? How can we keep our worship "fresh"?
5. Write out your personal definition of worship? Compare your thoughts with each other. Are there any similarities or differences?
6. Discuss the part(s) you/each person plays in our corporate worship. What could be done to make our time of worship together more intimate and meaningful?
7. What have you learned or are learning about worship through this series? What else would be helpful to better equip us for passionate, intimate worship? How do we accomplish this?

People are available Sunday mornings at the conclusion of each service to pray confidentially for your concerns. Simply come to the front as others are leaving ~ look for those wearing burgundy name tags.
