

Ryan & Deb Wyss

Appointees, training events, and leading a team of mentors have been the focuses of Ryan's ministries with TEAM for the last 5 years. It's been a great fit for his skill set, meaningful work, and a wonderful challenge all at the same time! That's why when he received a phone call in May asking him to consider taking on a new role in TEAM it came as a surprise.

The phone call came from the Personnel Director, Elmer, and the invitation was for Ryan to consider working directly with him for 1-2 years as the Associate Personnel Director, with a plan to take on the director role when Elmer retires. After praying about this new opportunity, discussing it extensively with Deb and seeking wise counsel, Ryan accepted the new position in early July.

The month of July was a transitional time that saw Ryan slowly handing off his team leader responsibilities to one of his teammates, doing final calls with the appointees he was mentoring, and tidying up all administrative duties linked with his mentoring role. On August 1st he started his new role in TEAM's Personnel Group.

This new role comes with an increase in leadership responsibility that will be a healthy challenge and will demand that Ryan enter a season of learning. The Personnel Group serves TEAM's missionaries and North American staff by facilitating missionary transitions to and from North America, ongoing learning & development, human resources services, benefits & retirement coordination, missionary kid educational planning & care, administrative services, and the assessment process for appointing new missionaries.

The whole family is happy that a relocation won't be necessary as Ryan takes on this new role ~ we'll still be living in Oak Park Heights, MN and Ryan will continue to work from the office that Oakridge Community Church let's him use.

- We enjoyed a short trip to Monroe, WI recently to speak at Hope Evangelical Free Church and to visit friends and family in the area. It was wonderful to reconnect with everyone and the kids had a blast.
- Thanks for continuing to pray for Elena. Her head and stomach pain are less than they were in June but aren't completely gone. She got some new glasses that are pretty cute too!
- Deb and Elena headed to Los Angeles, CA in early September to attend the 3rd annual conference for families affected by Coffin Siris Syndrome. We attended last year in Seattle, WA and were so encouraged by the connections we made.

Deb is working to help provide networking events for special needs families in our local community too. This week she will facilitate a meet and greet opportunity for families who have children with special needs who are under the age of 13.
