Our small group Bible Study for International Students.

Fall semester ended well, we had our interim term, and now Spring Semester is here. Students returned to campus on Jan. 29th. We have been doing plenty of outreach and small group kick off events!

This semester we are training up new leaders

under our curriculum for a team of students we call the "Apprenticeship Team." On this team they get trained like an apprentice would. We teach them valuable ministry skills and pair them up with older students doing the work. Currently, we have 10 students signed up to be a part of this team! This is very exciting because these students often become the next leaders of our chapter. In this training they learn how to take intentional steps of spiritual growth, how to lead Bible Studies, share their faith, and disciple others in these skills too. Additionally, we have some new small group leaders helping out with existing small group Bible studies this semester, which is very exciting! We started the semester with 6 small groups and hope to plant 2-4 more before the semester is over. We desire to reach every corner of campus giving every student an opportunity to hear the Word of God and learn how to study it and live by it! Pray with us that our student leaders and leaders-in-training would have energy to do the work God has called us to this semester.

Right now, we have roughly 60 students involved in the chapter, 6 small groups meeting, 3 different prayer meetings, our weekly large group, and several other groups meeting for leadership planning and training. We couldn't do this work if it wasn't for the prayer and support you provide.

Please pray for Andy as he is now also training leaders and reaching out on the Lakeshore Tech. College campus. Pray for student leaders and open hearts. Thank you so much!

In Christ,
Andy Thoman
