Monroe Bible Church Directory

Do you have our Church Directory? Are you in it? Our church directory is online and only people from our congregation can access our directory. You can view the directory from your computer or a smart phone, whichever you prefer. You can also print out a hard copy to use.

Many who have Instant Church Directory have commented how great it is to use. Did you know that you when you access our Instant Church Directory through the App on your phone **you can call, text, or email someone in the congregation directly from the App?** It's that convenient and easy to use!

Do you recognize the person sitting next to you in church? Do they recognize you? Most of us use the directory for contact information, but it can also be used for putting a name with a face.

Many of our members and regular attenders did not get their pictures included in the directory. It's easy to submit a picture into the online directory! This time of year, families often get a nice picture taken for sending out Christmas cards or while at family gatherings, so this is a great time for you to submit a picture. Remember pictures in the directory are only about 1½" squared, so sit side-by-side, or make sure your family takes a "stacked" photo with young children in front and adults behind them, or adults sitting in front and older children standing behind their parents. You can upload the picture to the directory yourself, or you can send a jpeg image to the church office and we'll do it for you.

Contact the church office if you would like to be included in the directory. (See bulletin insert for directions to set up access)
