Andy, Megan, & Audra Thoman
InterVarsity in Northeast Wisconsin

Over the past few years, I've had more and more opportunities to work with students from technical and community colleges. I'm excited to continue to work with these students. This year our chapter at FVTC in Appleton has had some hurdles but we've seen students showing up! In some ways it feels like we're replanting here. This was an intimidating task considering physical access to the school is not an option. However, we've had such an active community online and even a few meet-ups in parks. God is developing this community and I'm excited to see how these students will continue to grow and reach the campus.

At LTC over in Cleveland, WI we've had new student leaders stepping up and we're seeing a renewed excitement for the campus to be reached. Similar to FVTC, I've not been able to be there physically this semester. So far, I've only met with this group virtually. However, we've not only seen new students join the group, but we've seen new students with a desire to grow in their faith and leadership skills and reach the campus who have stepped up into leadership roles. I'm hoping this will continue to snowball into a huge year of discipleship and outreach.

Our chapter at UW-Oshkosh has seen better years as far as number of leaders, plus our ability to be on campus as InterVarsity staff is severely limited. God is not restricted by our expectations though. Recently I was in a meeting with campus staff I oversee for UWO and we counted our students in small groups and I was surprised to learn we had more than we ended last semester with. Not only that, a good portion of the students involved are non-Christians! These students who would fully identify as nonbelievers are still hungry for truth and are showing up to study the scriptures with others and learn what it has to say. This is the sort of work that excites me the most, it's the reason I said yes to the call to work for InterVarsity. I'm praying that these students who don't yet know Jesus will hear God's undeniable love this semester and make decisions to follow the only one who offers real hope, Jesus. I'm excited to see their lives transformed by Jesus and then in turn invite their friends to experience this life changing good news as well.

I know this year has been hard on almost everyone. I've talked to many of you who have been put on furlough, been figuring out schedules with children at home, or facing the realities of loved ones becoming ill or worse. However, in the midst of all of this, you've been able to continue to support through prayer and finances the work to reach the campuses in Northeast WI. I am so appreciative of you, thank you so much!
